PETITION UNDER 37 CFR § 1.47(a)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This Petition is filed for the purpose of having the Office accept a new declaration in the present application without being executed by William R. Lehman, who is a named inventor.

An application for patent may be accepted when one of the inventors refuses to execute an oath or declaration, provided the requirements of 37 CFR § 1.47(a) are satisfied. These requirements are as follows:

1. All of the available joint inventors must execute an oath or declaration on their own behalf as required under 37 CFR § 1.63;
2. The available joint inventors must execute an oath or declaration on behalf of the inventor who is refusing to sign;

3. A petition must be filed which includes proof of the pertinent facts relating to the inventor's refusal to execute an oath or declaration;

4. The fee under 37 CFR § 1.17(h) must be filed to accompany the petition;
and

5. The last known address of the refusing inventor must be provided.

All the requirements of 37 CFR § 1.47(a) have been satisfied.

A. First Requirement: Executed Declarations of Available Inventors.

The present application was originally filed naming a single inventor, William R. Lehman, with an executed Declaration. However, there actually were two inventors, William R. Lehman and David A. Stout. As a result, a Request to Correct Inventorship is attached hereto as Attachment A and a newly executed Declaration and Power of Attorney is attached hereto as Attachment B, which has only been signed by Mr. Stout.

Mr. Lehman executed a Declaration as a sole inventor in the application on December 14, 2001, and which was filed with the application on December 17, 2001.

B. Second Requirement: Signing on Behalf of Non-Signing Inventor.

Under MPEP § 409.03(a), a declaration signed by the other joint inventor with the signature block of the non-signing inventor left blank may be treated as having been signed by all the available joint inventors on behalf of the non-signing inventor. It is respectfully submitted that the blank signature block for Inventor Lehman appearing in the Declaration and Power of Attorney executed by Inventor Stout (Attachment B) is sufficient to satisfy the requirement of MPEP § 409.03(a) of having the available joint inventor sign on behalf of the non-signing inventor.

C. Third Requirement: Proof of Refusal to Sign.

This paper satisfies the requirement of filing a petition requesting that the present Petition and application papers be accepted without an oath or declaration executed by Inventor Lehman. Under Rule 47(a), the petition must be accompanied by proof of Inventor Lehman's refusal to execute an oath or declaration in this application. Proof of this refusal is set forth below.

The invention disclosed and claimed in the present application resulted from work performed by the named Inventors. With Inventor Stout's knowledge, Inventor Lehman filed a patent application (Application Serial No. 10/015,583) covering this invention on April 25, 2000, however, it was without Inventor Stout's knowledge that Inventor filed the application naming only Lehman as a sole inventor. Subsequently, on December 14, 2001, Lehman assigned 50% of his rights in the application and any patent(s) issuing therefrom to Stout, as evidenced by the Recordation of Assignment, dated December 17, 2001 (Reel 012406, Frame 0719), attached hereto as Attachment C. On April 17, 2002, Lehman and Stout each assigned their entire right, title and interest in the application and any and all patent(s) issuing therefrom to American Safe Air, Inc., as evidenced by the Recordation of Assignment (Reel 012877, Frame 0402), dated May 8, 2002, attached hereto as Attachment D.

On September 23, 2004, an Office Action rejecting all currently pending claims over newly cited art was mailed. Upon review of the Office Action and file history, it was determined that the inventorship of the application needed to be corrected to add Mr. David A. Stout and that the Office Action could be overcome by filing a new Declaration and Power of Attorney and a Declaration of Prior Invention signed by both Mr. Lehman and Mr. Stout. Mr. Stout has signed both documents.

However, Mr. Lehman has not, even though they were personally presented to him on October 22, 2004.

In fact, Inventor Lehman personally indicated that he refused to execute the declaration papers that were delivered to him in on October 22, 2004. Evidence of this refusal is attached in Attachment E, which is a Statement from Mr. B. E. Irby who, as an agent for the assignee in the present application, personally meet with and presented the Declarations and other necessary application papers to Inventor Lehman on October 22, 2004. As Mr. Irby's Statement indicates, Inventor Lehman personally informed Mr. Irby that he refused to sign any of the above-identified Declarations presented to him by Mr. Irby on October 22, 2004.

It is respectfully submitted that the foregoing remarks and the attachments to this paper are sufficient as proof of Inventor Lehman's refusal to execute an oath or declaration in connection with the present application.

D. Fourth Requirement: Petition Fee.

The fee required under 37 CFR § 1.17(h) is attached.

E. Fifth Requirement: Last Know Address.

The last known address of Inventor Lehman is:

William R. Lehman (#128276)
Cummins Prison
P.O. Box 500
Grady, AR 71644

F. Summary.

All requirements under 37 CFR § 1.47 are believed to have been satisfied.

Accordingly, it is earnestly solicited that the inventorship of the present application be corrected without an executed oath or declaration of William R. Lehman.

To the extent necessary, Applicants petition for an extension of time under 37 CFR § 1.136. Please charge any shortage in fees due in connection with this application, including extension of time fees, to Deposit Account No. 50-1165 (Attorney Docket No. T3392-907823) and credit any excess fees to the same Deposit Account. A duplicate copy of this paper is enclosed herewith for internal authorization purposes.

Respectfully submitted,

Sir:

I, B.E. Irby, hereby declare:

2. Specifically, the documents for signature that pertained to the prosecution of the above-identified application included: a Joint Declaration and Power of Attorney of William R. Lehman and David A. Stout, and a Joint Declaration of Prior Invention To Overcome a Cited Publication Under 37 CFR § 1.131(a).

Serial No. 10/015,583

3. At 1:00 PM, on Friday, October 22, 2004, I personally appeared and met with Mr. Lehman at the Cummins Correctional Facility in Grady, Arkansas, where Mr. Lehman is currently incarcerated. At this time I personally presented to Mr. Lehman all of the documents identified in paragraph 2 herein for his signature, along with a complete copy of the originally filed application (including specification, claims, abstract and figures); previously-filed Responses and Amendments; a proposed Response to an Office Action mailed September 23, 2004; and copies of previously executed and recorded Assignment documents in which Mr. Lehman assigned his entire right, title and interest in the above-identified application and any patent(s) to issue therefrom to American Safe Air, Inc. Upon presentation of the above documents to and my requesting that Mr. Lehman review all of the provided documents before signing any of the patent-related documents, Mr. Lehman personally informed me that he refused to sign the Joint Declaration and Power of Attorney and the Joint Declaration of Prior Invention documents.
